

National Service in Alabama

MEETING COMMUNITY NEEDS IN ALABAMA

More than 11,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Alabama. Serving at more than 1,100 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$11,740,000 to support Alabama communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$3,920,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 510 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Alabama. Most AmeriCorps grant funding goes to the Serve Alabama: The Governor's Office of Faith-Based and Volunteer Service, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 6,300 Alabama residents have served more than 9.6 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$18,140,000.

Senior Corps: More than 10,000 seniors in Alabama contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 2,200 young people who have special needs. Senior Companions help more than 600 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 890 groups across Alabama.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Alabama, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$520,000 in expanding the impact of 3 nonprofits in Alabama.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Alabama. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 6,300 Alabama residents have served more than 9.6 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$18,140,000.

National Service Impact in Alabama

AmeriCorps

The Butler County Board of Education AmeriCorps Instructional Support Team provides support to 600 pre-k through 8th grade students in Butler. The 26 full-time AmeriCorps members leverage an additional 75 community volunteers and provide instructional assistance in five schools. The program outcomes focus on school readiness for pre-k students and academic performance for K-8 grade students and use standardized assessments for benchmarking progress. Since 1997, ten AmeriCorps Instructional Support Team members have been selected as Alabama Super AmeriCorps Heroes. To date, 330 members have made positive impressions on the community. Other team members (60 in total) have been employed by the school board as teachers, para-professionals, and administrative support staff. AmeriCorps Instructional Support Team alumni include county first responders, bankers, judges, and accountants. The AmeriCorps Instructional Support Team is improving success in school and preventing dropouts.

AmeriCorps NCCC

AmeriCorps National Civilian Community Corps (NCCC) team Delta 9 worked to support the operations of Habitat for Humanity of Tuscaloosa. The team led groups of volunteers through various construction tasks including roofing, landscaping, painting, siding, insulation, flooring, and building handrails. The team supported the construction of four new homes and led over 400 volunteers. The team received training in areas related to home construction. Team Delta 9 also learned new leadership, communication, and team building skills while on this project.

AmeriCorps VISTA

Ten AmeriCorps VISTA members serving with the South Alabama Regional Planning Commission in Mobile have successfully connected 5,494 elderly and disabled adults with public and private benefits. The VISTAs provided free confidential Benefits Checkup and application assistance. In total, the VISTAs found more than six million dollars for their clients, helping to provide their clients with economic security.

Senior Corps

RSVP Volunteers in Guntersville collected water quality data and created an overall watershed approach to create baseline data for the Lake Guntersville watershed. Twenty-seven RSVP volunteer stream teams spent 450 hours annually chemically and bacteriologically monitoring 45 stream sites for various water quality indicators. Five RSVP teams spent 60 hours annually monitoring algae levels. Two RSVP volunteers serve as volunteer trainers and recertification experts, four RSVP volunteers serve as stream captains coordinating five teams, and one RSVP volunteer serves as a data management captain responsible for input, graph, and map data. As a result of this work, RSVP monitors collected valuable water quality information which showed that a segment of Lake Guntersville had improved enough to be removed and put in the fishable/swimmable category.

Social Innovation Fund

Southwest Alabama Workforce Development Council (SAWDC) supports four workforce partnerships in an eight-county region of southwest Alabama. Working with local businesses, they identified the maritime, aerospace, healthcare, and process manufacturing industries as growth opportunities and provide skills training and other services to help individuals obtain jobs in these fields. They were awarded \$300,000 over two years through the Social Innovation Fund (SIF) intermediary, Jobs for the Future. It is expected that by the end of year two, SAWDC will have served over 600 individuals (400 job seekers and 200 incumbent workers) and enrolled 470 in education and training. They estimate that half (or 200) of the job seekers will obtain jobs. At least half (or 100) of the incumbent workers served will receive wage increases and 25% will receive promotions. Of the total 600 individuals served, 100 are expected to receive industry and/or education credentials as a result of these efforts.

Volunteer Generation Fund

For the third year of the of the Volunteer Generation Fund grant, Serve Alabama focused specifically on disaster services and Alabama colleges. The Volunteer Generation Funds will be used to establish volunteer connector organizations in underserved areas that place an emphasis on training and coordinating unaffiliated volunteers in the aftermath of disasters. The volunteers will primarily be made up of college faculty, staff, student and community volunteers. Serve Alabama awarded the Volunteer Generation Fund grants to Troy University and Jacksonville State University to provide education and training to students, faculty, staff and community volunteers to provide disaster response in underserved areas. The volunteers will receive instruction on CERT and Volunteer Management and Coordination. Funding will provide disaster response and relief training and education to both the campus and the surrounding communities of these institutions, and in doing so, provide a more prepared and knowledgeable group of Alabama citizens ready to serve their communities in the wake of disaster.
